

MILK REPLACER FOR PIGLETS FROM 3 TO 21 DAYS OLD

A list of ingredients may be obtained from the manufacturer or registrant. This feed contains added selenium at a level of 0.30 mg/kg.

GUARANTEED ANALYSIS:

Crude protein (minimum).....	24.0%	Phosphorus (actual).....	0.60%
Crude protein from Milk sources (minimum).....	22.0%	Sodium (actual).....	0.50%
Crude fat (minimum).....	18.0%	Vitamin A (minimum).....	20,000.0 IU/kg
Crude Fibre (maximum).....	0.15%	Vitamin D3 (minimum).....	1,500.0 IU/kg
Calcium (actual).....	0.70%	Vitamin E (minimum).....	220.0 IU/kg

GENERAL INFORMATION:

1. Mix fresh daily and thoroughly clean and sanitize all milk dispensing and mixing equipment after each use.
2. Close partially used bags tightly after each use to maintain freshness of product.

MIXING AND FEEDING INSTRUCTIONS:

Mix at a rate of 1.0 kg of Varken Milk replacer powder with 7.5 liters of warm water (0.133 kg/L).

Leave the piglets with the sow for at least 2-3 days after farrowing to ensure proper intake of colostrum from the sow. Colostrum contains immune stimulants necessary for the piglets' ability to survive and thrive in the barn environment.

Age	Solution/Feeding	Feeding/Day
1-3	1/4 cup (60 ml)	12
4-7	1/2 cup (125 ml)	12
8-13	1 cup (250 ml)	6
14-18	1 cup (250 ml)	4
19-21	1 cup (250 ml)	2
22	Wean	

WATER SOLUBLE

After 8 to 21 days of age, always offer fresh creep feed and water when hand feeding by bottle. If a nutritional scours develops, reduce the concentration of the solution by 25- 50% but maintain the amount of milk replacer being fed. Continue to feed at this level for 1-2 days then gradually increase back to full concentration. If necessary, provide electrolytes.

Orphaned or runt pigs should be provided with a warm, draft free and sanitary environment to ensure optimal performance.

CAUTION:

Directions for use must be carefully followed.

LIABILITY DISCLAIMER:

Individual results from the use of this product may vary due to management, environment, genetics and health or sanitation differences. Therefore, Matrix Environmental Solutions Ltd does not warrant or guarantee individual results.
